

# Meet The Cats

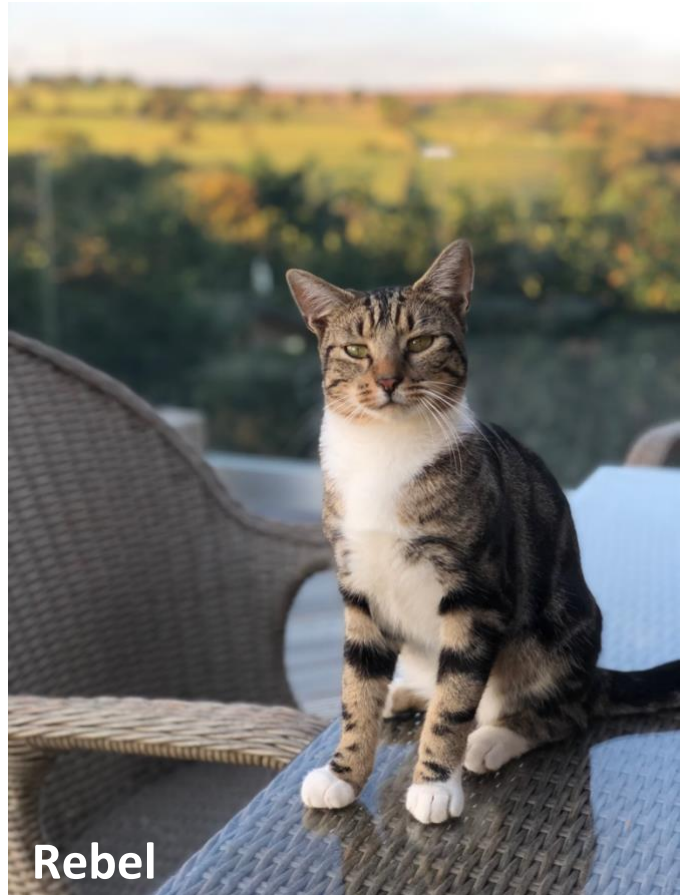

Follow them on Instagram @faweather\_furbabies

**Tinkerbell**

Meet Tinkerbell, the naughty tortie often referred to as Tinker. She is a lovely gentle cat who often roams the grounds looking for any opportunity to find rich pickings from our guests who are staying. Her favourite treat is a packet of Dreamies cat sweets. If you invite her in she will more than happily sit with you, especially if you have a fire going. She loves being anywhere warm and cosy and can often be found during the day asleep by the heater on her bed in the office.

Meet Rebel, The true alpha male of the fields around Faweather, he is always on the hunt to make new friends. He may be a tad shy at first but if you let him come towards you and gain his trust he will give you an endless stream of cuddles. Rebel has a huge craving from fresh cut ham and will find his way into your lodge if he knows there's some on offer. Rebel will most certainly want to be your friend for the week during your visit to us

**Rebel**

Both cats do have a home to go to at night so be sure to let them out once they have paid their visit so they can return back home in time for bedtime. If you have any concern for the cats please call Callum on 07969425281.
